nursing

Home Care, Home Nursing & Community Nursing

8 home nursing providers in Innsbruck

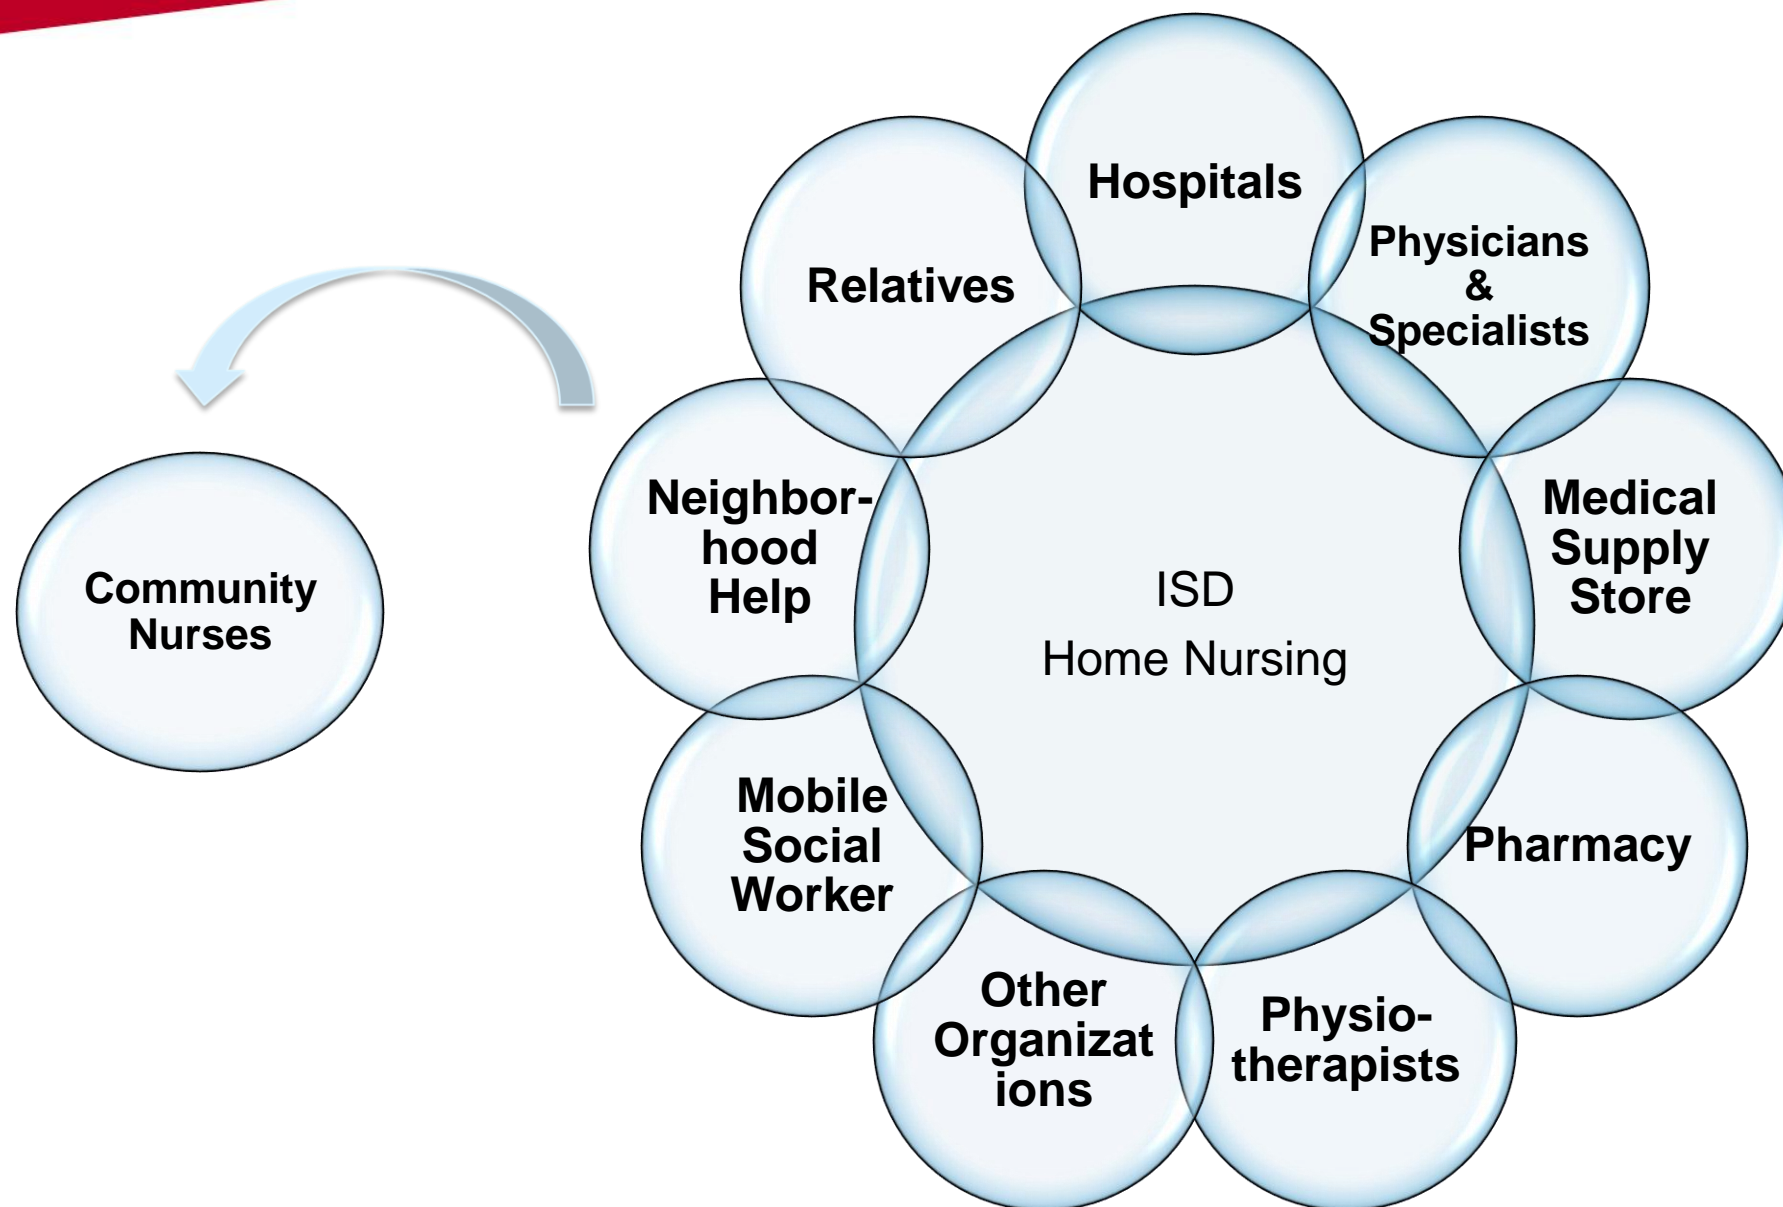

Specialisations on children, cancer treatment, palliative care, mental health support

ISD home nursing service takes care of more than 600 clients

Medical home nursing, integrated palliative care, wound management, etc.

Networking with internal and external partners

Providing integrated community-based support

Home Care, Home Nursing & Community Nursing

Community Nursing in two “rural” districts

EU pilot project

Support for family caregivers – networking, training and education, relief options

Home visits for preventive measures

Free of charge

Several difficulties

Acceptance of the offer, probably “wrong” districts, prevention is neglected

Success factors & Learnings

Time and Patience

Political support

Cooperation with other organizations

Stable Leadership – Dr. Innerebner is managing director since 2003

Thank you for your attention!
