Different levels of integration:

- » Co-location of support services
- » Information sharing
- » Financial co-ordination
- » Integrating services within existing systems
- » New entities with integrated services

OHJAAMO CENTERS IN FINLAND

- » Ohjaamo's are one-stop guidance centers that offer multi-agency services to young people up to age 30
- » The immediate aim is to shorten unemployment spells by helping young people navigate the system, claim all benefits they are entitled to, and access all services available to them.
- » The medium-term goal is to provide care-managed support to identify a holistic service package, build effective local networks and build their own capacity.
- » Government support, but also collaboration from NGOs and local businesses.
- » Important elements are funding stability, a joint budget and common management

» Closing the knowledge gaps

Youthlinks!

Is a digital platform that

- Provides care leavers with **peer-to-peer support, tools** and a **supporting network** of professionals to help them make the transition to independence more easily.
- Gives social workers and corporates the possibility to connect with care leavers and to support in their own area of expertise.

A network that improves care leavers access to their rights and facilitates social integration

Keinen Überblick mehr welche Beihilfen und finanziellen Unterstützungen es eigentlich gibt und ob sie dir zustehen? Wirf einen Blick auf die Checkliste, vielen entgeht eine ordentliche Summe pro Monat, da sie nicht wissen auf was sie eigentlich Anspruch haben!

Youthlinks!

... is a place to be in exchange with:

- other care leavers
- teenagers who are still in care and who need help or the point of view of other care leavers
- social workers - professionals
- corporates and other contacts on the labor market

... is here to:

- help and support young people when they need something and don't know where else to go
- enable care leavers to share their experiences with peers and help other (future) care leavers with their knowledge
- establish a platform of exchange between social workers, care leavers, teenagers in care and external contacts

CALL to ACTION

Be the **CHANGE!** - 'Leave no care leaver behind'

2019 = 30th anniversary of the Convention on the Rights of the Child and
10th anniversary of the UN Guidelines for the Alternative Care of Children

We commit to 'leaving no care leaver behind' and to act now to ensure full respect, protection and fulfilment of their rights:

Action 1: Realise Care Leavers' Rights in the Law - at EU, national, regional and local levels

[...] Anchor **the right to be supported throughout education / study / work path** – a few failures or change of direction on the way are allowed like for any other young person and do not result in losing support
